MEMORANDUM FOR THE RECORD

Morning Meeting of 9 December 1965

25X1 [ ] of OCI with support from [ ] of DD/P gave a background 25X1  
briefing on certain weapons--both U. S. and Communist--being employed  
in Vietnam. The weapons being employed were displayed.

DD/I reported that Robert Bowie of the Harvard Center for Inter-  
national Affairs has begun part-time work under State Department  
auspices reviewing U. S. foreign policy objectives covering the next  
decade. Bowie has asked DD/I to meet with him to discuss certain in-  
telligence aspects of Bowie's study.

DD/I tabled a preliminary memo by ORR on the use of Sihanoukville  
port by ChiCom shipping. Such shipping is not in great volume. DD/I  
said he had asked ORR to begin preparing a capability study to show the  
use to which Cambodia could be put by the ChiComs in supplying the  
battlefronts of Vietnam. The study may take two to three weeks.

DD/I tabled a memo prepared by ORR and OSI on the work being  
done by the Soviets in peaceful uses of atomic energy.

DD/I noted that an updated NIS chapter on the Soviet Merchant  
Marine has recently been published.

R. J. Smith reported on the announced downgrading of Shelepin's  
organization. DD/I noted that efforts are under way to provide collec-  
tion guidance to the Community on information pertaining to the Soviet  
leadership.

Kent reported the status of the draft SNIE on Vietnam to be dis-  
cussed at USIB tomorrow. There are a number of dissenting footnotes.  
In answer to DCI's inquiry Kent explained that there are several para-  
graphs in the revised draft dealing with the likely nature of any ChiCom  
intervention.

DD/P suggested that DCI send a thank-you note to Secretary Rusk for the Secretary's favorable remarks about the Agency in a news conference last week. It was noted that there was little press reporting of the Secretary's remarks. DCI agreed with this suggestion.

DD/P noted that use of the Agency's Roadwatch teams in direct interdiction operations against the roads through Laos would intensify Communist security and lessen intelligence collected by the Roadwatch teams. (See Action 2)

DD/P noted the briefing of Representative Lipscomb and staff member Michaels by [redacted]

25X1

DD/P referred to a [redacted] concerning Russian policy in the sub-continent. The Soviets are said to be intent on trying to wean Pakistan away from both the United States and Communist China. Implicit in this is a threat to [redacted]

25X1

DD/P described a plan which is intended to cool off various African governments hostile to Rhodesia. Thought is being given to having Ian Smith invite UK troops into the crucial dam site area to ensure protection.

DCI noted information he received from a representative of the [redacted] in Saigon. The view of South Vietnamese businessmen is that the Chinese Communists are ill-prepared for war and are merely bluffing with their threatening gestures in the SEA area.

ACTIONS:

1. Upon being informed of the status of efforts to improve the Armed Forces Courier System to enhance security, DCI requested that an interim report on this subject be given to USIB next week. (DD/S)

DONE

2. Noting that it is virtually certain that there will be a major effort soon to reduce the effects of Communist supply efforts via roads running through Laos, DCI asked DD/P to consider a training program to permit the use of Roadwatch teams to employ beacons and communications equipment in support of air operations against road traffic.
